

Installation Guide

To log in to the “Tehzor” system, please follow the link <https://tehzor.com/> and enter the username and password sent to your email.

1. To install “Tehzor” on a device with the **iOS operating system**, download the application from the AppStore via the [link](#) or open the link <https://app.tehzor.com/> in a browser, then click the arrow button in the center and select “Add to Home Screen.”

2. To install “Tehzor” on a device with the **Android operating system**, open the link <https://app.tehzor.com/> in Google Chrome or Yandex browser. The system will automatically suggest installing the application. If the system does not suggest, you need to manually add a shortcut to the home screen via the browser.

For any questions, please contact technical support at support@tehzor.ru,

or submit a request via our support portal: <https://jira.tehzor.com/servicedesk/customer/portal/2>.

Enjoy using the service!
